“To manufacture the best and safest designed products for professionals and their patients.”

Our Products

Product Number: CC.40.01.18.FC

Maxillofacial Plate

- **Colour Coded** for easy component selection
- **Conical Locking** for screw to plate
- **Medical Grade** pure titanium

Maxillofacial Plate

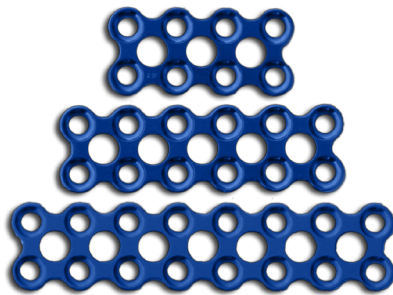

Model: Micro Straight Bridge

0.6mm, 4 holes, 20mm

Maxillofacial Plate

Model: Mini Straight Bridge

1.0mm, 16 holes, 95mm

Product Number: CC.41.01.18.FC

Maxillofacial Locking Plate

- **Rounded Plate** profiles and edges
- **Medical Grade** titanium for excellent cosmetic results
- **Sunken** screw holes for screw head

Locking Plate

Model: Mini Rectangle

1.0mm, 8 holes, 25mm

Locking Plate

Model: Mini Rectangle

1.0mm, 12 holes, 38mm

Locking Plate

Model: Mini Rectangle

1.0mm, 16 holes, 51mm

Product Number: CC.42.01.18.FC

Maxillofacial Micro Plate

- **Rounded Plate** profiles and edges
- **Medical Grade** titanium for excellent results
- **Recessed** screw holes for screw head

Maxillofacial Micro Plate

Model: Y Plate

0.6mm, 6 holes, 24mm

Product Number: CC.43.01.18.FC

Maxillofacial Mini Plate

- **Rounded Plate** profiles and edges
- **Medical Grade** titanium for excellent cosmetic results
- **Sunken** screw holes for screw head

Maxillofacial Mini Plate

Model: L-Plate

1.0mm, 4 holes, 19mm

Product Number: CC.31.01.18.SK

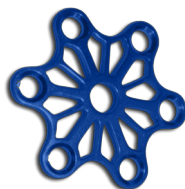

Interlink Plate

- **Low Profile** made of pure titanium
- **Rounded Plate** profiles and edges
- **Sunken** screw holes for screw head

Skull Connection System

Model: Two Hole Interlink Plate

0.6mm, 6 holes, 17mm

Product Number: CC.32.01.18.SK

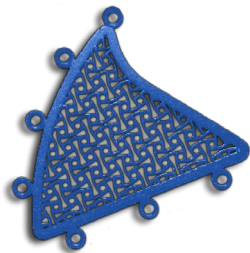

Cranial Interlink Plate

- **Sunken** holes for screw head
- **Medical Grade** titanium for excellent results
- **Improved Coloring** for plate recognition and high contrast

Skull Connection System

Model: Cranial Interlink Plate

0.6mm, 7 holes, 18mm

Product Number: CC.30.01.18.SK

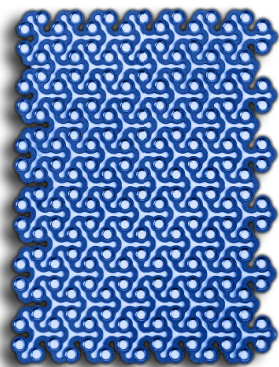

Mastoid Interlink Plate

- **Countersunk Holes** for screw head
- **Excellent Results** due to low profile medical grade titanium
- **Enhanced Coloring** for plate recognition and high contrast

Skull Connection System

Model: Mastoid Interlink Plate

0.6mm, Medium

Product Number: CC.33.01.18.SK

Cranial Mesh

- **3D Design** to fit most bone surfaces
- **Dedicated holes** through out the mash for screw placement
- **Easy cutting** to precisely outline to anatomical structure

Cranial Mesh

Model: Cloud-shape Flat

0.6mm, 90mm*90mm

Product Number: CC.60.01.18.HW

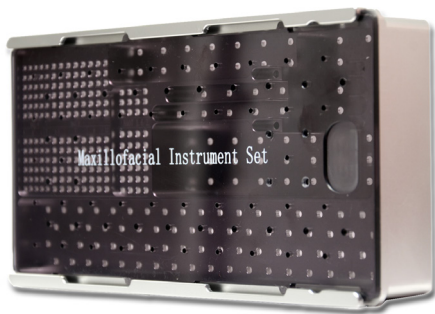

Self-drilling Micro Screw

- **Self Drilling** screws for easy use
- **Low Profile** screws made of medical grade titanium
- **Self Holding** enhanced screw head design for pickup and transfer

1.5mm & 2.0mm Self-drilling Micro Screw

Model: Cross Fit

1.5*5mm, 2.0*5mm

Product Number: CC.70.01.18.SC

Storage & Sterilization Container

- **Wide Variety** of options for your specific neurosurgical needs
- **Lightweight** and easy to handle made from aluminum
- **Slide over** low-profile latch securely and easily closes over container bottom

Storage and Sterilization Container

Model: Maxillofacial Instrument Set

Product Number: CC.62.01.18.HW

Crosshead Screwdriver

- **Ergonomic Shape** for simplified screwing
- **Detachable** screwdriver for easy storage and sterilization
- **Click Technology** eliminate need of assemble and disassemble

Matching Instrument

Model: Cross Head Screw Driver

SW 0.5*2.8*7.5mm

Product Number: CC.61.01.18.HW

Coupling Handle

- **Ergonomic Shape** for simplified screwing
- **Detachable** screwdriver for easy storage and sterilization
- **Click Technology** eliminate need of assemble and disassemble

Matching Instrument

Model: Straight Coupling Handle
